OPIC seeks to ensure that American insurance companies have an opportunity to compete for transportation insurance business associated with the export of goods to projects supported by OPIC programs. To encourage fair and open competition for this business, OPIC requires certain certifications from investors receiving its support.

In providing an explanation, please make specific references, as applicable, to host country legal or other impediments. It is not practicable to provide the certification requested by OPIC at this time because:
<b>i</b>	<input type="checkbox"/> Laws of the project country prohibit use of American insurance services for transportation insurance.
<b>ii</b>	<input type="checkbox"/> There are no U.S. exports associated with the establishment of this project.
<b>iii</b>	<input type="checkbox"/> All transportation insurance associated with the export of U.S. goods to the project is or will be arranged through my firm's worldwide insurance program. It is not practicable to alter these arrangements for U.S. exports to the project.
