

Host Country:	Nigeria
Name of Borrower:	American International School Lagos
U.S. Sponsor:	Citibank, N.A.
Foreign Sponsor:	NA
Project Description:	Construction of a new high school facility
Total Project Cost:	\$18,000,000
Proposed OPIC Loan:	\$13,500,000
Developmental Effects:	<p>This project will have a positive developmental impact on the host country, Nigeria. American International School is currently the only school in Lagos that offers an American style curriculum to students of all nationalities. This project will allow AISL to expand its curriculum by introducing a U.S. High School and International Baccalaureate Diploma. The expansion of the school's program will allow AISL to offer the highest quality curricular and extra-curricular programs to its customer base. The project will have strong human capacity benefits, as the school plans to hire new employees, providing both local and expatriate staff with strong benefits and training.</p>
Environment:	<p>This project has been screened as a Category B because the environmental impacts are site specific and readily mitigated. Issues of importance include project siting, access to potable water, wastewater treatment and disposal, solid waste disposal and fire safety. In order to mitigate any potential impacts, the project must adhere to the applicable provisions of the 2007 International Finance Corporation (IFC) Environmental, Health and Safety General Guidelines and all applicable environmental, health and safety requirements of Nigeria with respect to the</p>

	<p>Project. Additionally, a Life and Fire Safety Master plan must be prepared and approved by OPIC prior to occupancy as well as a fuel oil spill plan that outlines procedures to assure measures are in place to detect leakage from underground fuel tanks.</p>
Workers Rights	<p>OPIC's statutorily required standard worker rights language will be supplemented with provisions concerning the right of association, organization and collective bargaining, minimum age requirements, and hazardous working situations. Standard and supplemental contract language will be applied to all workers of the Project.</p>
Human Rights	<p>In consultation with the Department of State, the project received a human rights clearance on January 15, 2008.</p>
