

Information Summary for the Public

Host Country:	[Global]
Name of Insured Investor:	Chemonics International
Foreign Enterprise:	N/A
Project Description	Global Program of Technical Assistance Contracts with USAID (or other counterparty, such as MCC) in 28 Emerging Markets
Total Project Cost:	\$20,223,072
Proposed OPIC Insurance Amount:	\$14,500,000
Developmental Effects:	Chemonics is requesting OPIC insurance related to their global portfolio of technical assistance contracts. The projects have a positive impact in the host countries as Chemonics provides a variety of technical, advisory, and training services under the contracts. Furthermore, Chemonics programs help strengthen the physical, financial, and social infrastructure of the countries in which it operates in sectors such as water and sanitation, energy, telecommunications, health, food and nutrition, and financial services. Some of these services specifically involve restoring or preserving the environment.
Environment:	The provision of political risk insurance for consulting services is screened as a Category C project, as there are no environmental implications associated with this activity. Any project having an adverse impact on the environment, human health or safety will require prior approval from OPIC.
Workers Rights	OPIC's statutorily required standard worker rights language will be supplemented with provisions concerning the right of association, organization and

	collective bargaining, minimum wages, and timely payment of wages. Standard and supplemental contract language will be applied to all workers of the Project.
Human Rights	In consultation with the Department of State, the project received a Human Rights Clearance on September 9, 2009.
