

**Analistas de Recursos Globales S.A.P.I. de C.V.
Information Summary for the Public**

Host Country(ies):	Mexico
Name of Borrower:	Analistas de Recursos Globales S.A.P.I. de C.V. (“ARG”) and Rentas y Remolques de Mexico S.A. de C.V. (“Remex”).
U.S. Sponsor:	Alta Growth Capital Mexico Fund, L.P.
Foreign Sponsor:	Aureos Latin America Fund I L.P. and Fiduciaria Columbiana de Comercio Exterior S.A.
Project Description:	Expansion of Borrower’s leasing and rental activities to Mexican SMEs.
Total Project Cost:	\$10,680,000
Loan Provided Under OPIC-WorldBusiness Capital Framework Agreement:	\$7,500,000
Developmental Effects:	This project will have a positive developmental impact on the host country, Mexico. Following the tightening of the local credit market, the project will help local SMEs meet their transportation needs at a lower cost than purchasing new equipment. The project will provide Mexican SMEs access to transportation equipment that will be used to support and grow their businesses. The project will help the underdeveloped local SME sector, which is underserved by the local financial sector. The long-term OPIC investment guaranty will provide a stable source of funding to the project company and allow it to focus on growing its portfolio.
Environment:	This Project has been reviewed against OPIC’s categorical prohibitions and determined to be categorically eligible. Automobile renting and leasing facilities that include maintenance facilities are screened as CategoryB under OPIC’s environmental and social guidelines because impacts are site specific and readily mitigated. Impacts are primarily related to the disposal and storage of any hazardous materials at the repair and maintenance facilities.
U.S. Economic Impact:	The Project is not expected to have a negative impact on the U.S. economy or employment. Prior OPIC approval is required if any lease exports products that are sensitive to the U.S. economy. There is no U.S. procurement associated with this Project, and the Project is expected to have a neutral impact on U.S. employment. The Project will have a negative five-year U.S. balance of payments impact.

Workers Rights:	OPIC's statutorily required standard worker rights language will be supplemented with provisions concerning the rights of association, organization and collective. Leases will be restricted with respect to the lessees' operations, including the employment of minors and other applicable labor law requirements. Standard and supplemental contract language will be applied to all workers of the Project. The Project will be required to operate in a manner consistent with the International Finance Corporation's Performance Standard 2 on Labor and Working Conditions.
Human Rights:	OPIC issued a human rights clearance for the Project on September 7, 2010.
